

Options & Accessories

Applications:

For presenters requiring more working space when using Notebook PC's. The use of the shelf means the entire top work surface of the Lectrum[®] can be used for notes and papers.

Fitting:

The optional Notebook PC Shelf is supplied factory fitted when ordered with your Lectrum[®]. Retro fitting to existing lectrum models is simple for a handy-person. It requires the tapping of holes into the aluminium leg set with the drill and tap provided and then securing the bracket with the screws provided.

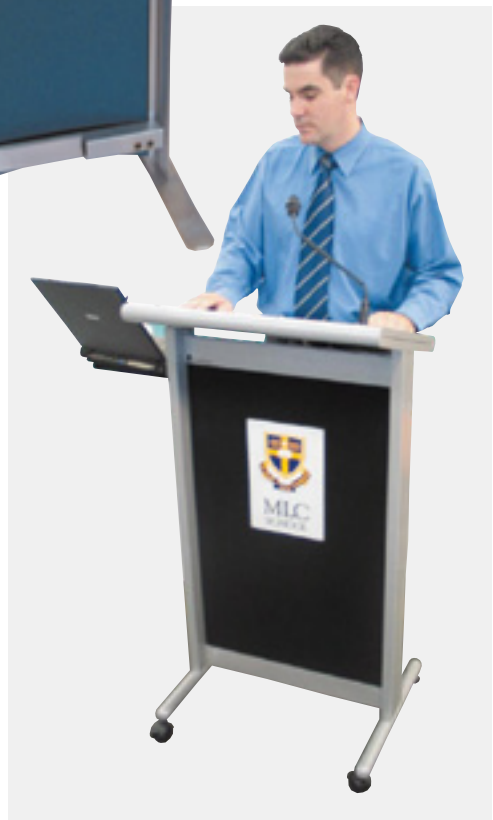

When in use, the Notebook PC Shelf extends beyond the side of the Lectrum[®] at a 15° angle and comfortable working height. When not in use, the shelf is unobtrusive as it slides away and lays flat against the Lectrum[®] dress panel.

Construction:

Aluminium construction. The Notebook Shelf itself measures 250 x 300 mm and is fitted with an anti-skid fabric mat. Nett weight is 2.3 kg. Finished in low sheen, black powdercoat.

Limitations:

The shelf is designed to accept most Notebook PC's. It is not designed to take a mouse, power supply or other accessories. It presumes the use of Notebook PC's in-built pointing device, a mouse on
